Office of the President

Dr. Arturo Fernández earned his B.A. in Economics from ITAM and his M.A. and Ph.D in Economics from University of Chicago. On January 1, 1992 became President of Instituto Tecnológico Autónomo de México (ITAM). Prior to this, he was in charge of the Economic Deregulation Program at the Ministry of Trade and Industry, Dean of the Division of Social Science and Department Chair of Economics at ITAM, Advisor in the Undersecretary of Finance at the Ministry of Finance and Director of the Tax Policy Office in the same Ministry.

Currently, he is member of the Board of Directors of the following Mexican companies: Industrias Peñoles, Grupo Nacional Provincial, El Palacio de Hierro, Grupo Financiero BBVA, Grupo Bimbo and Fresnillo plc.

President

BA Economics, ITAM

MA Economics, University of Chicago, USA

PhD Economics, University of Chicago, USA

Office of the Provost

Alejandro Hernández D. earned a B.A. in Economics and a B.S. in Applied Mathematics from ITAM, and an M.A. and a Ph.D. in Economics (1989) from the University of Rochester (USA). Since 1993, he has been a member of ITAM's Department of Economics. From 1997 to 2010 he served as ITAM's Dean of the Division of Social Sciences and Law, and since 2010 he is the Provost. He is a member of several professional and academic associations, including the Econometric Society, where he was Chair of the Latin American Chapter from 1999 to 2003. Provost Hernández has published scientific articles in the fields of Economic Theory and International Economics in major academic journals, including the American Economic Review and the Journal of Economic Theory. He is a Fellow of the Society for the Advancement of Economic Theory.

Beatriz Rumbos

Dean of the Division of Actuarial Sciences, Statistics and Mathematics

BS Mathematics, Universidad Nacional Autónoma de México

PhD Mathematics, McGill University, Canada

PhD Economics, Texas A&M University, USA

Research interests: Decision Theory, Mathematical Economics

Department of Actuarial Sciences

Full-time Faculty

- **Mercedes Gregorio**

Director of Undergraduate Studies

BS Actuarial Science, ITAM

PhD Statistics and Operations Research, University of Essex, UK

National Researcher (Level II)

Research interests: Statistical Modelling, Stochastic Dynamic Programming, Financial and Actuarial Mathematics

- **León Berdichevsky**

BE Industrial Engineering, Tecnológico de Monterrey

MS Theoretical Physics, Utrecht University, The Netherlands

PhD Theoretical Physics, Weizmann Institute of Science, Israel

Research interests: Data Science, Statistics, Financial Mathematics

- **Leonardo Rojas**

BS Applied Mathematics, ITAM

MS Mathematics, Universidad Nacional Autónoma de México

PhD Statistics, Aarhus University, Denmark

National Researcher (Level II)

Research interests: Heavy Tails, Stochastic Simulation, Rare Events, Queuing Theory, Stochastic Networks

Emeritus Faculty

- **Enrique de Alba**

BS Actuarial Science, Universidad Nacional Autónoma de México
MS Statistics, University of Wisconsin-Madison, USA
PhD Statistics, University of Wisconsin-Madison, USA
National Researcher (Level II)

Adjunct Faculty

- **David Ruelas**

BS Actuarial Science, ITAM
MS Statistics, University of Toronto, Canada

Research interests: Risk Analysis, Financial Modelling, Strategic Planning

Department of Statistics

Full-time Faculty

- **Rubén Hernández**

Department Chair

BS Actuarial Science, Universidad Nacional Autónoma de México

PhD Mathematics Applied to Social Sciences, Université Pierre Mendès-France (Grenoble II), France

Research interests: Multivariate Statistics, Sampling, Statistics in the Social Sciences

- **Víctor Guerrero**

Emeritus Professor

Director of Graduate Studies (MA Risk Management)

BS Actuarial Science, Universidad Nacional Autónoma de México

MS Statistics, University of Wisconsin-Madison, USA

PhD Statistics, University of Wisconsin-Madison, USA

National Researcher (Level III)

Research interests: Time Series Analysis, Forecasting, Econometrics, Statistical Modelling

- **Airam Blancas**

BS Mathematics, Universidad Autónoma de Sinaloa

MS Mathematics, Centro de Investigación en Matemáticas

PhD Mathematics, Centro de Investigación en Matemáticas

Research interests: Probability, Coalescence and Fragmentation Theory, Stochastic Processes for Population Genetics

- **Ernesto Barrios**

BS Mathematical Physics, Instituto Politécnico Nacional

MS Applied Mathematics, Instituto Politécnico Nacional

MS Statistics, University of Wisconsin-Madison, USA

PhD Statistics, University of Wisconsin-Madison, USA

Research interests: Experimental Design, Statistical Control, Graphical Analysis, Engineering Statistics

- **Alfredo Garbuno**

Acting Director of Graduate Studies (MS Data Science)

BS Actuarial Science, ITAM

BS Applied Mathematics, ITAM

MS Data Science, ITAM

PhD Engineering, University of Liverpool, UK

Research interests: Inverse Bayesian Problems, Non-Parametric Inference, Stochastic Processes and Numerical Analysis

- **Alejandro Islas**

BS Mathematics, Universidad Autónoma Metropolitana

MS Mathematics, Universidad Autónoma Metropolitana

MS Statistics, Iowa State University, USA

PhD Economics, University of New Mexico, USA

National Researcher (Level II)

Research interests: Econometrics, Time Series Analysis, Multivariate Statistics, Financial Statistics

• **Manuel Mendoza**

BS Actuarial Science, Universidad Nacional Autónoma de México
MS Statistics and Operations Research, Universidad Nacional Autónoma de México
PhD Mathematics, Universidad Nacional Autónoma de México
National Researcher (Level II)

Research interests: Bayesian Statistics, Applied Statistics

• **Liliana Millán**

BS Software Engineering, Tecnológico de Monterrey
MS Computational Finance, University of Nottingham, UK
MS Data Science, ITAM

Research interests: Machine Learning, Predictive Analytics, Network Analysis, Recommendation Systems and Text Mining

• **Luis Enrique Nieto**

BS Actuarial Science, ITAM
MS Statistics, Universidad Nacional Autónoma de México
PhD Statistics, University of Bath, UK
National Researcher (Level II)

Research interests: Bayesian Statistics, Non-parametric Bayesian Analysis, Bayesian Computation, Bayesian Biostatistics

• **Carlos V. Rodríguez**

BS Actuarial Science, Universidad Nacional Autónoma de México
MA Economics, Universidad de Guanajuato
PhD Economics and Business, Aarhus University, Denmark
National Researcher (Level I)

Research interests: Financial Econometrics, Panel and Dynamic Factor Models, Long Memory Models

• **Abdolnasser Sadeghkhani**

BS Statistics, Bahonar University, Iran
MS Mathematical Statistics, Ferdowsi University, Iran
PhD Statistics, Université de Sherbrooke, Canada

Research interests: Bayesian Statistics, Multivariate Statistics, Survival Analysis, Decision Theory and Predictive Inference

Department of Mathematics

Full-time Faculty

- **Carlos Bosch**

Emeritus Professor

Department Chair

BS Mathematics, Universidad Nacional Autónoma de México

PhD Mathematics, Université Claude Bernard de Lyon, France

National Researcher (Level III)

Research interests: Analysis, Functional Analysis, Geometry and Mathematical Education

- **César García**

Director of Undergraduate Studies

BS Mathematics, Universidad Nacional Autónoma de México

MS Mathematics, Texas A&M University, USA

PhD Mathematics, Texas A&M University, USA

National Researcher (Level I)

Research interests: Banach Spaces, Non-linear Functional Analysis, Convexity and Optimization

- **Juan Carlos Aguilar**

BS Mathematics, Universidad de Guanajuato

PhD Mathematics, New York University, USA

National Researcher (Level I)

Research interests: Numerical Analysis, Wavelets, Finite Elements, Direct and Inverse Problems Dispersion

- **Javier Alfaro**

BS Mathematics, Universidad Nacional Autónoma de México

MS Mathematics, Universidad Nacional Autónoma de México

Research interests: Algebra, Number Theory

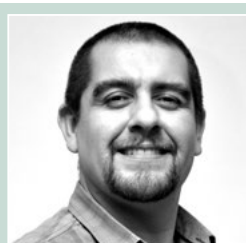

- **Abimael Bengochea**

BS Physics, Universidad Autónoma Metropolitana

PhD Physics, Universidad Autónoma Metropolitana

National Researcher (Level I)

Research interests: Dynamical Systems, Stability and Bifurcation of Periodic Solutions of Ordinary Differential Equations, Math Modelling

- **Víctor Breña**

BS Physics, Universidad Nacional Autónoma de México

MS Sciences, Universidad Nacional Autónoma de México

PhD Engineering Mathematics, University of Bristol, UK

National Researcher (Level I)

Research interests: Reaction – diffusion systems, pattern formation, mathematical modelling in Biology, Chemistry, Physics and Engineeringg

• **Marta Cabo**

BA Mathematics, Universidad de Santiago de Compostela, Spain

PhD Mathematics, University of Southampton, UK

National Researcher (Level I)

Research interests: Operations research, lineal programming, scheduling and logistics

• **José Campero**

BS Mathematics, Universidad Nacional Autónoma de México

MS Mathematical Education, Instituto Politécnico Nacional

PhD Mathematical Education, Instituto Politécnico Nacional

Research interests: Mathematics and Education with applications to Economics

• **Pablo Castañeda**

BS Mathematics, Universidad Nacional Autónoma de México

MS Computational Mathematics and Modeling, Instituto de Matemática Pura e Aplicada, Brazil

PhD Science, Instituto de Matemática Pura e Aplicada, Brazil

National Researcher (Level I)

Research interests: Partial Differential Equations, Conservation Laws, Computational Mathematics and Modelling

• **Paulina Figueroa**

BS Mathematics, Universidad Nacional Autónoma de México

MS Mathematics, Universidad Nacional Autónoma de México

PhD Mathematics, Universidad Nacional Autónoma de México

National Researcher (Level I)

Research interests: Combinatorics, Graph Theory, Matroids, Digraphs, Combinatorial Geometry, Mathematical Education

• **Claudia Gómez**

BS Mathematics, Universidad Nacional Autónoma de México

MS Mathematics, Washington State University, USA

PhD Mathematics, Washington State University, USA

National Researcher (Level I)

Research interests: Functional Analysis, Geometry, Convexity, Mathematical Education

• **Guillermo Grabinsky**

BS Mathematics, Universidad Nacional Autónoma de México

MS Mathematics, University of California-Berkeley, USA

PhD Mathematics, University of California-Berkeley, USA

Research interests: Mathematical Analysis, Probability

• **Rubén Martínez**

BS Mathematics, Universidad de las Américas
PhD Mathematics, University of Toronto, Canada
National Researcher (Level II)

Research interests: Functional Analysis, Operator Theory

• **Joao Morais**

BS Applied Mathematics and Computation, University of Aveiro, Portugal
PhD Mathematics, Bauhaus University Weimar, Germany
National Researcher (Level I)

Research interests: Quaternionic analysis, complex analysis, harmonic analysis, approximation theory, signal and image processing

• **Miguel Ángel Mota**

BS Applied Mathematics, ITAM
PhD Logic and the Foundations of Mathematics, Universitat de Barcelona, Spain
National Researcher (Level I)

Research interests: Mathematical logic, set theory, infinite combinatorics, forcing, large cardinals, Ramsey theory

• **Mayra Núñez**

BS Actuarial Science, Universidad Nacional Autónoma de México
MS Statistics and Operations Research, Universidad Nacional Autónoma de México
PhD Mathematics Sciences, Universidad Autónoma Metropolitana
National Researcher (Level I)

Research interests: Population dynamics of infectious diseases, development of mathematical tools and methodologies for the solution of non-linear phenomena in biomathematics, pattern formation in reaction-diffusion systems, characterization of naturally fractured reservoirs

• **Zeferino Parada**

BS Mathematics, Universidad Nacional Autónoma de México
MS Mathematics, Universidad Nacional Autónoma de México
MS Mathematics, Rice University, USA
PhD Mathematics, Rice University, USA

Research interests: Numerical Optimization, Numerical Analysis

• **Ernesto Pérez-Chavela**

BS Mathematics, Universidad Nacional Autónoma de México
MS Mathematics, Universidad Nacional Autónoma de México
PhD Mathematics, Universidad Autónoma Metropolitana
National Researcher (Level III)

Research interests: Dynamical systems, celestial mechanics, hamiltonian systems, qualitative theory of ODE

• **Edgar Possani**

BS Applied Mathematics, ITAM

PhD Operations Research, University of Southampton, UK

National Researcher (Level I)

Research interests: Operations Research, Discrete Optimization, Markovian Decision Processes, Scheduling, Data Mining

• **Jorge Rivera**

BS Mathematics, Universidad Nacional Autónoma de México

MS Mathematics, Universidad Nacional Autónoma de México

PhD Mathematics, University of Missouri, USA

National Researcher (Level I)

Research interests: Harmonic Analysis, Partial Differential Equations

• **Edith Vargas**

BE Physics and Mathematics, Instituto Politécnico Nacional

MS Mathematical Sciences, Universidad Nacional Autónoma de México

PhD Mathematics, Technische Universität Dresden, Germany

National Researcher (Level I)

Research interests: Clone Theory, Set Theory, Model Theory, Universal Algebra, Programming

• **Andreas Wachtel**

BS Mathematics, Technische Universität Dresden, Germany

PhD Mathematics, University of Strathclyde, UK

National Researcher (Level I)

Research interests: Finite Elements, Numerical Algorithms

• **Lorena Zogaib**

BS Physics, Universidad Nacional Autónoma de México

MS Physics, Universidad Nacional Autónoma de México

PhD Physics, Universidad Nacional Autónoma de México

Research interests: Statistical Mechanics, Mathematical Economics

• **Leobardo Fernández**

BS Mathematics, Universidad Nacional Autónoma de México

MS Mathematics, Universidad Nacional Autónoma de México

PhD Statistics, Universidad Nacional Autónoma de México

National Researcher (Level I)

Research interests: Divulcation, Education, Topology, Discrete Dynamical Systems, Graph Theory, Linear Algebra

Lecturers

• **Maira Madriz**

BS Mathematics, Universidad Nacional Autónoma de México

MS Mathematics, Universidad Autónoma Metropolitana

PhD Mathematics, Universidad Autónoma Metropolitana

Research interests: General Topology, Dynamic Systems, Mathematics Teaching

• **Rigoberto Vera**

BA Mathematics, Universidad Nacional Autónoma de México

MA Mathematics, Universidad Nacional Autónoma de México

PhD Mathematics, University of Arizona, USA

National Researcher (Level I)

Research interests: Functional Analysis, Nonstandard Analysis

• **Elena Zaitseva**

BS Mathematics, Lomonosov State University, Russia

MA Economics and Cybernetics, Lomonosov State University, Russia

PhD Mathematics, Universidad Autónoma Metropolitana

Research interests: Stochastic Processes in Finance and Economics, Markovian Control Processes, Optimal Stoppage, Sequential Analysis

Adjunct Faculty

• **María Trigueros**

BS Physics, Universidad Nacional Autónoma de México

MS Physics, Universidad Nacional Autónoma de México

PhD Education, Universidad Complutense de Madrid, Spain

National Researcher (Level III)

Research interests: Mathematical Education, Dynamical Systems

- **Luis Moncayo**

BE Industrial Engineering, Instituto Politécnico Nacional

MS Productivity and Quality Systems, Tecnológico de Monterrey

PhD Engineering, University of Exeter, UK

National Researcher (Level I)

Research interests: Optimization (operational research techniques and meta-heuristics), manufacturing engineering, supply chain analytics

- **Luis Vicente Montiel**

BE Industrial and Systems Engineering, Tecnológico de Monterrey

MS Financial Engineering, Columbia University, USA

MS Managements Sciences and Engineering, Stanford University, USA

PhD Operations Research, University of Texas - Austin, USA

National Researcher (Level I)

Research interests: Decision-making theory, optimization under uncertainty, ambiguity analysis

- **Adán Ramírez**

BE Aeronautical Engineering, Instituto Politécnico Nacional
MS Metallurgical Engineering, Instituto Politécnico Nacional
PhD Metallurgic and Materials, Instituto Politécnico Nacional
PhD Materials Science and Engineering, Universidad Autónoma Metropolitana
National Researcher (Level I)

Research interests: Industrial Processes Simulation

- **Sergio Romero**

BE Mechanical and Electrical Engineering, Universidad Nacional Autónoma de México
MS Advanced Mechanical Engineering, Imperial College of Science, Technology and Medicine, UK
PhD Mechanical Engineering, Imperial College of Science, Technology and Medicine, UK
National Researcher (Level I)

Research interests: CAD-CAE, product design and development, renewable energy, innovation and social entrepreneurship

- **Thomas M. Rudolf**

BE Mechanical Engineering, Technische Universität Darmstadt, Germany
Ph. D. Engineering, Rheinisch-Westfälische Technische Hochschule, Germany

Research interests: Diagnostics, monitoring, CAD/CAM/CAE, model based systems engineering
